## SPIRAL DYNAMICS vMEMEs

### Turquoise – Holistic:

Universal order, but based on a living system, not on external rules or group bonds; uses the entire spiral and all of the memes to see levels of interaction on multiple levels; unification of previous levels.

### Yellow – Integrative:

Belief in natural hierarchies, thus egalitarianism is balanced with a natural meritocracy; competency takes precedence over "group sensitivity," power, or status; many different "realities" that ebb and flow.

### JUMP TO SECOND TIER CONSCIOUSNESS

### Green – The Sensitive Self:

Cherishing the earth; against hierarchy; decision-making through reconciliation and consensus; multiculturalism; sensitivity and caring for the earth and all of its inhabitants; pluralistic relativism.

### Orange – Scientific Advancement:

The self seeks truth in individualistic terms; scientific; experimental; world as a rational and well-oiled machine with natural laws that can be learned, mastered, and manipulated; achievement-oriented.

### Blue – Archaic-Instinctual:

Life has meaning, direction, and purpose, with outcomes defined by an all-powerful Other or Order, which enforces a code of conduct based on absolute principles of right and wrong; law and order.

### Red – Power Gods:

A distinct self emerges as distinct from tribe; powerful, impulsive, egocentric, heroic; archetypal gods and goddesses; world is a jungle full of threats and predators; enjoys life without regret or remorse.

### Purple – Magical-Animistic:

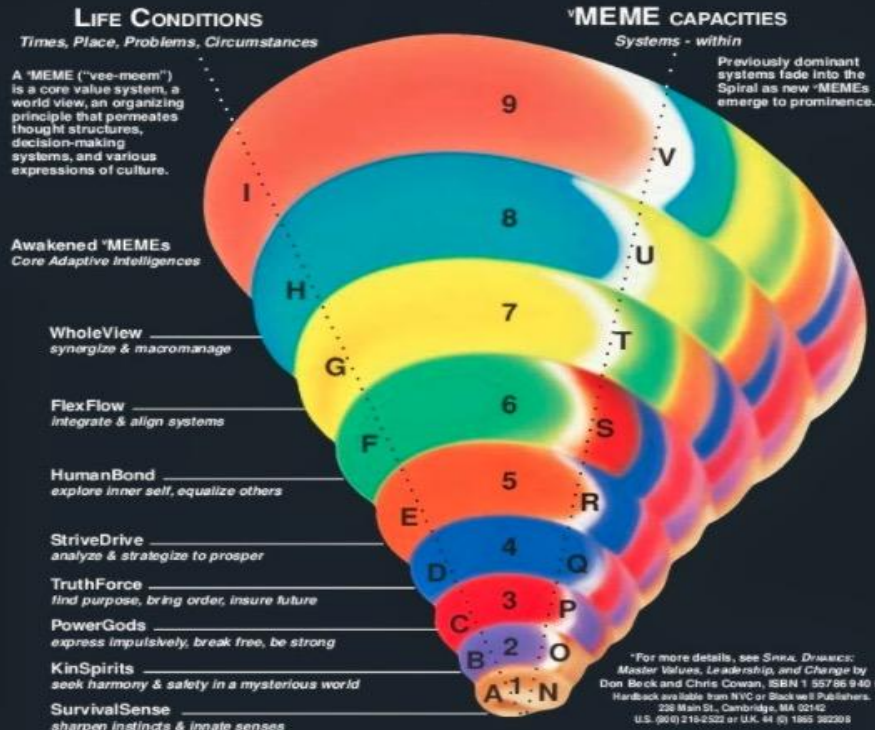

Animistic thinking; belief that magical spirits swarm the earth leaving blessings or curses that determine events; forms into ethnic tribes; spirits exist in ancestors and bond the tribe; kinship and lineage.

### Beige – Archaic-Instinctual:

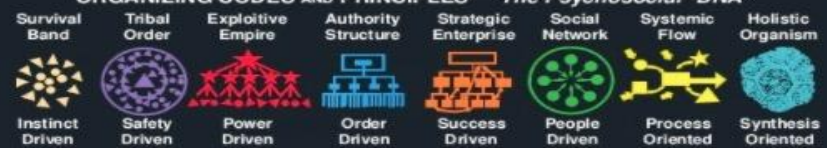

The level of basic survival; priorities are food, water, warmth, sex, and safety; uses habits and instincts just to survive; a distinct self is barely awakened.
